Maintenance Tips:

- Make sure all pieces that need fastening are tightened before use.
- Please check the product over regularly, and keep it in safe places when not used.
- Grease revolving parts such as the friction points of every axles and rotatable parts to guarantee flexibility with solid oil to prolong the life span, and check and fasten the screwed joints once a week.
- Do not use or store in moist ,frigid or high-temperature environments.

Wheel Assembly

Place the walker on a stable and even surface. Insert the four caster stems into the four plastic holes of the lower base (fig 1 & 2)

Anti Slip Pads

Insert all anti slip pads (as shown) into the location holes in the underside of the walkers base. Apply firmly even pressure to ensure the pads are fully inserted and level to the base.

Back of Seat Unit

Insert the plastic support into the fabric seat. Use the Loop found in the middle of the fabric seat to secure the seat to the back support. then push the five plastic pins on the back of the cushion into the pin holes found on the top of the tray. When the pins are fully inserted use the plastic bolts provided to secure the seat onto the frame of the walker (see figure 4)

Seat Fitting

Secure the front of the seat unit to the tray by pushing the three plastic pins through the large end of the keyhole. Then push the shaft of the pin down into the small end until it clicks into place and locks.

Seat Arm Rest

Push the pins located on the cushioned armrests through the hole in the flat plastic section in the seat fabric and secure in frame keyhole.

Music Tray Installation

Before you install the music tray you must insert 2 x 1.5V AA batteries. Open the battery cover located on the back of the music tray and insert the batteries. Place the tray into the groove.

To Open Walker

Open the walker by raising the tray to the highest position.

WARNING: Do not adjust the height when the child is in the walker.

To Adjust the Height

To adjust the height of the walker to the desired height (multiple positions available), place one hand on top of the baby walker and with the other hand press the button beneath the tray to adjust the height position. Turn the safety lock by 90° to lock the tray into place. Always make sure the lock is engaged before placing your child in the walker.

Rocker mode

Attach the footpad to the bottom of the walker using the clips on the side.

Pull the two white knobs on each side, and then pull firmly away from the walker.

-Do not do this whilst the child is in the walker.

-Never leave your child in the walker without the footpad

WARNING: Never leave a child unattended in this product.
